

Scholarship Committee Report

In 2005 the Manitoba Quarter Horse Association (MQHA) created an annual MQHA Scholarship for post secondary education. The yearly value of the scholarship has been set at \$500.

Potential recipients were given a timeline to apply and submit not only the scholarship application form which included questions regarding school activities and other awards and honors received as well as a 500 word essay of a topic chosen by the Scholarship Committee. They also have to include references.

The Scholarship is presented each year to the worthy recipient at the MQHA Annual General Meeting and Awards Banquet. The Committee wishes to thank everyone who participates in the silent auction at the Awards Banquet, either by bringing or bidding on items, as these funds go towards the scholarship.
